

Internship Confirmation — Guide for Principals

This page is where your college records which students did an internship, for the government report. Follow the steps below — no technical knowledge needed.

1 Login

1. Open <https://placeintern.com> in your browser.
2. Enter your Principal email/username and password.
3. Click Login.

2 Go to the Internship Confirmation page

1. On the left-side menu, look for "Internship Confirmation".
2. Click on it. This opens your college's internship confirmation page.

See marker 1 in the screenshot on page 3.

3 Choose how you want to add data

You will see two tabs at the top of the page: "Manage Reports" and "Bulk Upload" (marker 2 in the screenshot).

Option A — Add one student at a time (Manage Reports tab)

1. Click the "Add Report" button (top right).
2. Search and select the student.
3. Fill in the internship details (company name, stipend, work location, faculty mentor, etc.). Only Company Name is compulsory.
4. Click Save.
5. Repeat for each student. You can Edit or Delete any entry later from the same list.

Option B — Add many students at once (Bulk Upload tab)

This is faster if you have many students to add. See the marked screenshot on page 3 while you follow these steps:

1. Click the "Bulk Upload" tab.
2. Click "Download Template" (marker 3). This downloads an Excel file already filled in with your college's student list.
3. Open the Excel file and fill in the internship details in the empty columns (Company Name, Mode of Internship, Stipend, etc.). Do not touch the hidden "Student ID" column.
4. Save the Excel file on your computer.
5. Go back to the website and drag the file into the upload box, or click it to browse and select your file (marker 4).

6. The page shows a preview table of every row — valid rows and rows with errors (with the reason explained).
7. Fix errors and re-upload if needed, or continue — rows with errors are simply skipped.
8. Click "Upload Valid Record(s)".
9. A final summary appears: Total / Success / Failed, with reasons for any failures.

Bulk Upload — Marked Screenshot

1 = Internship Confirmation menu item 2 = tabs (Manage Reports / Bulk Upload) 3 = Download Template button 4 = upload box

The screenshot displays the PlacelIntern dashboard for a Principal. The left sidebar contains a menu with the following items: Dashboard, Students, Staff, Internship (expanded), All Students, Mentor Assignments, Faculty Progress, Principal Feedback, Grievances, Internship Confirmation (marked with a red circle and '1'), Training, Operations, and Help & Support. At the bottom of the sidebar is a 'Support Ticket' button. The main content area is titled 'Internship Confirmation for 2027'. It features two tabs: 'Manage Reports' and 'Bulk Upload' (marked with a red circle and '2'). Below the tabs is a section titled 'How this works' with a list of instructions: download the template, fill in details, do not edit the hidden 'Student ID' column, upload the filled sheet, and this creates new report entries. Below this is a 'Download Template' button (marked with a red circle and '3'). At the bottom is a large upload box (marked with a red circle and '4') containing an upload icon and the text: 'Click or drag the filled sheet here' and 'Upload the Excel file you downloaded'.

Quick Notes

Good to know

- You can only see and edit your own college's students — never any other college's.
- This data is separate from a student's main internship record — it is only used for the government confirmation report.
- Uploading in bulk creates new entries; it does not overwrite anything already saved for a student.
- If you get stuck, raise a Support Ticket from the left-side menu.
